

## Hoosier Youth Chronicling COVID-19

The **Indiana Young Readers Center** and the **Indiana Center for the Book** are looking to document the history of the current health crisis through the eyes of our youth. Our intent is to preserve the thoughts and experiences of young people living in Indiana, up through age 18, for the permanent collection of the **Indiana State Library**.

### How to participate in Three Easy Steps:

**Step One:** Download and complete this 2-page form (*Hoosier Youth Chronicling COVID-19*).

**Step Two:** Download and complete the *License to Use* form, including a parent or guardian's signature.

**Step Three:** Send an email to Tara Maxwell Stewart, Indiana Young Readers Center Program Coordinator ([tastewart@library.in.gov](mailto:tastewart@library.in.gov)). Include this form, the *License to Use* form, and 1-2 photographs or pictures of artwork to capture this time in history (photos and images are optional. *My 2020 COVID-19 Time Capsule* is also optional).

**Just like that, you've made history.**

**First Name Only:**

**Age:**

**What Indiana County do you live in?**

#### 1. What does life look like day to day during this pandemic?

A. Do people in your home leave? If so, where do they go, or for what reasons? Do you get to go out?

B. What are you eating?

C. Do you live in the city? A suburb? In the country?

D. What date was your last school day? Did you know you'd be out for so long?

E. What does "school" look like during this time?

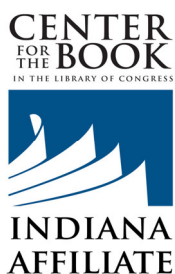

**This summer, the Collaborative Summer Library Program theme is "Imagine Your Story."  
We believe you are recording a story worth telling.**

**2. How have your relationships changed: family, friends, and teachers?**

**3. How is technology helping in this time? Do you have any technology barriers?**

**4. What do you not want to forget about this time?**

**5. What do you look forward to most in the future?**
